JOINT SESSION TO-DAY.

The House Objects to the Vote of Florida, AND THE SENATE RETIRES.

Both Houses Take a Recess Till Monday.

THE SENATE.
WASHINGTON, Feb. 10.—The Senate met at 10 o'clock, and the Chair laid before the Senate a communication from the President of the Electoral Commission, saying that they had considered and decided upon the matters referred to them. As there were so few Senators present the Senate took a recess till 12 o'clock.

THE HOUSE.
met at 10 o'clock, but immediately took a further recess until 5 minutes of 12. The Door-keepers then proceeded to prepare the hall for the reception of the Senators by placing in the extra chairs.

The rule with regard to the admission by ticket, which has been relaxed for the past few days, was again enforced this morning, consequently the public at large was excluded.

After reassembling the Speaker laid before the House a communication from Hon. Nathan Clifford stating that the Electoral Commission had considered and decided the questions referred to them in relation to the Electoral vote of Florida, and that the decision had been transmitted with the papers referred to the President of the Senate.

The House, by a party vote, postponed the joint meeting to 1 P. M.

JOINT SESSION.
The hour of 1 o'clock having arrived, the Senate appeared, headed by the Sergeant-at-Arms and Clerk, and occupied the positions heretofore assigned them.

Acting Vice President Ferry took the chair to the right of the Speaker, and called the Convention to order.

Mr. Ferry said the two Houses had again met in joint session to consider in or differ from the decision of the Electoral Commission. He then opened an envelope and handed the decision to the Secretary of the Senate, who read the same.

It says the Electoral Commission, having received certain certificates and papers purporting to be the Electoral votes of the State of Florida, and that after considering them they have decided that the votes of F. C. Humphreys, E. W. Pearce, W. H. Holden and T. W. Long, which are certified by M. L. Stearns, are the votes proper to be cast as four votes for Rutherford B. Hayes for President and Wm. A. Wheeler for Vice President.

The reasons for this conclusion are then given. It is signed by Justices Miller, Strong and Bradley; Senators Edmunds, Morton and Frelinghuysen, and Representatives Garfield and Hoar.

The Presiding Officer then asked if there were any objections to the count of the votes.

Mr. Field, of New York, arose and said that there were objections, and introduced the objection.

These were stated, and are in substance that they were not lawfully elected, and that the Commission refused to take evidence that they were not. The Senate then withdrew from the hall.

The Senate at 2:30 P. M., by a vote of 44 yeas to 25 nays, voted to sustain the decision of the Tribunal.

NOW THEY REST.
3:30 P. M.—The House, after an excited debate, took a recess till 10 A. M. Monday.

The Senate remained in session, without transacting any business, till 2:38, when the Chair announced that he had just received information that the House had taken a recess till Monday at 10 A. M., and the Senate then adopted a motion to take a recess till 10 o'clock Monday morning.

THE TRIBUNAL.
Florida's Vote Ordered Counted for Hayes and Wheeler.

What Both Sides Say of the Decision.

National Associated Press to the Star.

WASHINGTON, Feb. 10.—The Commission reached its conclusion mentioned in these dispatches of yesterday as follows:

Mr. Hunton offered a resolution declaring the four Tilden Electors elected, which was rejected by a vote of 7 to 5. Mr. Garfield subsequently offered a resolution declaring the four Hayes Electors the persons duly appointed under the Constitution as the Electors for the State of Florida, which was adopted—yeas 8, nays 7, as follows: Yeas—Judges Miller, Strong and Bradley, Senators Morton, Edmund and Frelinghuysen, Representatives Garfield and Hoar, Nays—Judges Clifford and Field, Senators Bayard and Thurman, Representatives Abbott, Payne and Hunton, Messrs. Edmunds, Miller and Bradley were appointed a committee to draw up

the decision, and at 6 o'clock P. M. a recess of one hour was taken to allow the Committee time to make their report. The Committee repaired to the Senate Judiciary Committee room, and at two minutes past 7 o'clock returned to the Supreme Court room, where the report was signed by the majority, and the Committee, at 8 o'clock, adjourned until 3 P. M. today. It is expected that at that hour the two Houses will have resumed the count of the Electoral vote and reached the State of Louisiana.

[The New York Herald of this morning.]

NEW YORK, Feb. 10.—The Herald, which was an enthusiastic supporter of the Electoral Bill when first passed by Congress, does not now display so much enthusiasm over the Commission. Its leading editorial this morning styles Judge Bradley "the President-maker."

It says it was hardly to be supposed that so select a tribunal would act and vote as partisans in a controversy of such magnitude and dignity, or that any decision would depend on the solitary vote of the fifth Judge of the Supreme Court, but the first important vote showed that this was a delusion. It then became evident that the fourteen members first appointed would act throughout as partisans, and that the fifth member would hold it in his power to determine who shall be the next President. In all really essential questions Judge Bradley has thus far voted with the Republicans, and that he will pursue this course to the end there is no good reason to doubt. The Democrats after their decisive defeat in the first battle in the Florida case, have little to hope in those which are to follow. Had Judge Davis instead of Judge Bradley been selected as the fifth member of the Supreme Court the result might have been different, but Judge Bradley has thus far given the Democrats no reason for hoping that he will make Mr. Tilden President. After voting to rule out the evidence which formed the real strength of their case, when his single vote would have insured its admission, it is highly improbable that he will support them in the weaker aspects of their case.

THE CINCINNATI PAPERS.
[From the Commercial's Washington Special.]

Democratic despondency deepens, and if they continue to grow more and more depressed, it really looks as if they would give up the fight as hopeless, and fail to file further objections in the Joint Convention.

The R-republicans, on the contrary, are daily growing more confident, and those who opposed the Compromise Bill are getting to be its enthusiastic admirers and defenders. Somewhat they see new beauties in it every day.

[From Enquirer's Washington Special.]

A meeting of Democratic leaders was held to-night at Colonel Peiton's room, at the Arlington, to discuss the situation and to arrange the plan of conducting the rest of the fight. The only business done was to select six Senators and Representatives, and was shall to-morrow object to the decision of the Commission in the Florida case. The discussion took a wide range, and all the points in favor of the Democrats in the Oregon and Louisiana cases were canvassed. As the result of that conference and canvass the Democratic leaders have gone home to-night in a very confident frame of mind. Indeed, it is a most notable fact in summing up the situation to-night, that while the Democratic rank and file are despondent, the Democratic leaders are very confident, and on the other hand, while the Republican mob is hilarious, their leaders are very despondent. They know full well that Hayes has still many broad rivers to cross and many high mountains to climb before he reaches the land of Buihal.

[From Gazette's Washington Special.]

It was apparent from the debate in the last private session, that seven of the Commission were convinced that Congress had no power to take up the question of eligibility, and inasmuch as this question had been raised by Justice Bradley, the shortest way to dispose of it would be for him to indicate his views upon it. In reply to this, Justice Bradley said that he preferred to hear further argument on both sides from the members of the Commission, and so the debate was postponed, and continued some time upon the eligibility question only.

Mr. Bayard making a speech an hour and a half long, and other Commissioners occupying the floor for shorter periods. At the conclusion, Justice Bradley gave his opinion.

Neither the Democratic nor the R-republican Commissioners are willing to state the substance of Judge Bradley's views. Some of the latter go so far, however, as to say that, as they understood them, they cover all possible questions of eligibility that can be raised in the cases of Electors in other States, and took the broad ground that however ineligible an Elector might have been to be voted for, if his vote was received by the Electoral College, it could not be questioned by Congress.

The Democrats, while admitting that there was no comfort for them in Bradley's opinion, do not think that it wholly precludes them from raising an issue against the two Louisiana Electors, or from making a final stand on the Oregon case. It is plain from their way of talking, however, that they have almost no hope of success in either direction, and that they look upon the whole eligibility question as likely to be fruitless of results favorable to Tilden.

FROM THE NATIONAL CAPITAL.

The Mississippi Investigation.
National Associated Press to the Star.

WASHINGTON, Feb. 10.—Senator Kernan asked the Senate Committee on Privileges and Elections to summon two additional witnesses to testify relative to the election in Mississippi. These witnesses are expected to contradict the testimony given a few days since by Mr. Leche, a Jefferson County Democrat, relative to his (Leche's) furnishing a duplicate key to the ballot-box to a Democratic Judge of Election at each voting place in the county named.

Breaking Up Illicit Distilleries.
Information received at the Internal Revenue Office to-day states that troops have arrived at Greensboro, N. C., preparatory to making a raid on the illicit distilleries in the mountain region in that State. The Government is organized

on a raid on this class of law-breakers in North Carolina. The Revenue officers and troops are stationed at such points in North and South Carolina as leads to the belief that the illicit distillation in these two States will soon be broken up.

The following was received at the Office of Internal Revenue to-day: "GREENSBORO, N. C., Feb. 9. "Commissioner Internal Revenue, Washington:

"District Attorney Lark writes to Marshal Douglas that at a trial of a distiller before Commissioner Morris in Henderson County, North Carolina, on the 3d instant, twenty armed men attacked the Court, fatally wounding Mr. Hastings, Deputy Marshal. The other officers escaped. Am executing your orders as rapidly as possible.

NEWS FROM THE METROPOLIS.

The Lost Steamers.
National Associated Press to the Star.

NEW YORK, Feb. 10.—Little hope is now entertained by the owners of the safety of the steamer George Cromwell, which left Halifax for St. John's, N. F., January 3, and has not been heard from since. She has been out thirty-seven days. Her passengers were Wm. Skinner, New Haven; Francis Archibald, Brooklyn, and fifty others, all of Halifax. The steamer Colombo has now been out from Hull, England, sixty-eight days. Wm. Salt, of Cromwell, is the only person reported as having taken passage in her.

Father and Son.
Yesterday Louis S. Lenheim, President of the First National Bank of Montrose, Pa., and father of Nathan S. Lenheim, who was arrested last week on the charge of attempting to negotiate a forged note for \$10,000, was arrested and held at the District Attorney's office in default of \$10,000 bail. Both father and son are now in the toms awaiting trial.

The father seems to feel his position acutely, and declares that he is perfectly innocent of any complicity in the forged note. His wife became almost frantic with grief when he was taken from home yesterday, and to-day it is stated that she has become insane. Mr. Lenheim, who founded the Great Bend Bank, to-day said: "A year ago I was worth \$250,000. To-day I am penniless."

The Cubans.
In this city, it is stated, are congratulating themselves that an important expedition has successfully eluded the vigilance of the authorities and sailed for Cuba with fifteen thousand stand of arms, ten thousand cartridges and one thousand revolvers, besides four field-pieces and a large amount of other ammunition, with horses, equipments, arms, &c. The report is that the schooner Divine cleared from New Bedford for Charleston, S. C., with an assorted cargo, and when off Barnegat was met by several small schooners, which transhipped what was reputed to be boxes of soap.

The Matter of Postmaster Elections.
National Associated Press to the Star.

WASHINGTON, Feb. 10.—The House Committee on the Powers, Privileges and Duties, this morning examined Postmaster-General Tyner, relative to the resignation of Postmaster Watts, of Oregon, and Den Herder, of Michigan, both of whom were appointed Electors.

The files of the Department show that Watts resigned his position of Postmaster by telegraph on November 13, and that a telegraphic acceptance was sent by the Postmaster-General on November 14, and a Special Agent took charge of the post-office November 14.

In the case of Den Herder, the records of the Department show that he has held no appointment under the Post-office Department for the past ten years.

FOREIGN.

PEACE AND REFORM.
CONSTANTINOPLE, Feb. 10.—Further changes are expected in the ministry. It is rumored that "Viofiok" Pasha, of the young Turkish party, is to supersede Edhem Pasha as Grand Vizier. A Council has just been held, and the ministry has determined to push on the peace negotiations and internal reforms.

Husband and Wife Tried for Murder.
HUDSON, N. Y., Feb. 10.—The trial of John V. Kiere and wife, jointly indicted for the murder of Chas. H. Thompson, alias Chas. H. Hermance, in this city, December 23, was concluded yesterday. The jury at 4:15 P. M. returned for deliberation upon a verdict. At 8 P. M. the Judge convened the Court, and the jury being called in, the foreman said they were unable to agree, and the Judge ordered them locked up for the night. The jury was again called at 9 A. M., and rendered a verdict against Kiere of murder in the second degree, acquitting his wife.

Fire in Chicago.
National Associated Press to the Star.

CHICAGO, Feb. 10.—Early this morning a fire destroyed the large frame structure on the corner of Twelfth and Lumber streets, occupied as a planing-mill by W. R. Robbins & Co., as a furniture manufactory by Joseph Schuchert, and as a sash, door and blind factory by Fullin & Co. No business was being done in the building. Loss, \$25,000. Insurance very light.

Bank Suspension.
National Associated Press to the Star.

PORTSVILLE, Pa., Feb. 10.—The Mountain City Banking Company, of this city, announced a suspension this morning. Great excitement prevails. The bank officers say there will be no loss to the depositors, but the public have no such confidence.

No less than three thousand six hundred and sixty-eight million five hundred and eighty-two thousand one hundred yards of cotton piece goods were exported from the United Kingdom in the year 1876. This is the largest quantity ever exported in one year. It averages more than ten million yards a day

LATEST LOCAL.

ALBERT E. CRAMER has been admitted to practice in the United States Court.

JOSEPH M. KEARNEY, a coal dealer, has been arrested at the instance of the S. P. C. A., accused of driving a horse with a galled shoulder, and will have a hearing before Squire Harmer on the 14th.

LOUIS SCHROEDER, bankrupt, filed a bill in equity in the Clerk's office of the United States District Court, against C. Windisch, Muehlhauser & Co., praying that mortgage and a certain promissory note be cancelled, and that the defendants be enjoined from disposing of said note.

The excitement and big crowd at the corner opposite the A. & P. Telegraph office, early this morning, was caused by the falling down of a horse attached to a wagon. As it happened at the hour people were going to business, the crowd collected much faster than it would have done at any other time.

LOCAL PERSONALS.

J. D. Ellison, Superintendent of the Little Miami Railroad, is lying ill at the Grand Hotel.

Channing Richards will be the successor of Hon. Warner M. Bateman as United States District Attorney.

Col. Wood, Chief of Police, is laboring under the effects of a severe cold, but he sticks to his post like a little man.

Mr. Robert B. McGeehin, of Avondale, who has played to the hymenal altar Miss Bettie Farrar, a handsome young belle of Covington.

Mr. John Brinkman, late Deputy Sheriff, who has been lying dangerously ill from hemorrhage of the lungs at his residence on Race street, above Liberty, is, we are glad to announce, rapidly recovering.

Ephraim's Return.

Eph. Holland, the former proprietor of the Empire Saloon, and chief bottle-washer in the Allen-Goss mill, arrived in the city at 8:30 last night in charge of Deputy United States Marshal Turney and Johnson, of New York, and was taken at once to the Gibson House where he occupied one of the sky parlors in the fifth story, closely guarded.

His arm being still very painful, it was thought to be a matter of charity to keep him from the County Jail awhile. Ephraim is not in a talking mood, and is not at home to newspaper men. Perhaps his attorney, Mr. T. C. Campbell, yesterday came with him to the city, is responsible for his keeping so still.

Eph. Holland was arraigned in the United States Court at noon and his bail fixed at \$10,000. In default of this sum he was committed. His case has not yet been set for trial.
